

Malaria

Countries and territories certified malaria-free by WHO

Last update: 22 May 2019

Certification of malaria elimination, 1955–2019

Countries that have achieved at least 3 consecutive years of zero indigenous cases are eligible to apply for a WHO certification of malaria-free status.

WHO Region	Country/territory	Countries certified malaria-free ^{a, b, c, d, e}	Countries where malaria never existed or disappeared without specific measures ^f
Africa

WHO Region	Country/territory	Countries certified malaria-free ^{a, b, c, d, e}	Countries where malaria never existed or disappeared without specific measures ^f
	New Zealand		1963
	Niue		1963
	Palau		1963
	Samoa		1963
	Singapore	1982	
	Tonga		1963
	Tuvalu		2012

Notes:

^a Until 1987, the register was known as the “WHO official register of areas where malaria eradication has been achieved”.

^b For the purpose of this publication, reference is made to the official name of WHO Member States as of 11 June 2018.

^c The Bolivarian Republic of Venezuela (northern) was certified as malaria-free in June 1961.

^d Taiwan (China) was certified malaria-free in November 1965.

^e La Reunion is a French overseas region which was certified malaria-free independently from Metropolitan France.

^f These countries are added to the *Supplementary list*.
